**ALL COUNTY EXTERIORS TO CONTRIBUTE TO
“BRIAN BRENNAN STANDS ALONE TRUST”**

All County Exteriors is honored to announce they are installing the new exterior to help transform the home of U.S. Army 1st Lt. Brian Brennan. As the construction phase of the project to retrofit the Brennan house moves forward All County Exteriors is privileged to donate the time and labor of their skilled workers to install the siding on the house. All County Exteriors is also providing their 15 year workmanship warranty to the Brennans.

The installation will begin this Friday, November 21, 2008. They will be installing Cedar Impression® siding on the front of the home and insulated Cedarboards® on the sides and the back. All County Exteriors plans are to complete the siding installation within two days.

The ultimate in beauty and performance, it is molded from real cedar shingles; Cedar Impressions® offers the most natural looking cedar shingle sidings available without the heavy maintenance of wood. The Molded Perimeter Lock™ helps create a virtually seamless appearance. It is virtually maintenance free-never needs painting. It comes with a lifetime limited warranty. The insulated Cedarboards® have earned the Energy Star label, are rated for Optimized Energy Performance and Efficiency and have earned NAHB Green Ratings. The installation of this siding is adding outstanding beauty, instant value and long-term energy savings for the Brennan family.

We are happy we could be here to help such a deserving family.
